We will be remembering those that were a part of the transgender community that have lost their lives to violence & suicide.

Our Keynote speaker Elgie Gonzalez, will be speaking on "Othering & Belonging." Our guest speaker Hayley, will be speaking on "Be a Shelter in the World. Loving People in Yours." This will be followed by the reading of names of those that were killed by violence from 2023, then a panel for attendees to ask questions about the Transgender experience. Light refreshments will be served following the event. This secular event is

open to everyone, whether their faith or no faith.

Our desire is that this will be a time of remembrance, ending with the hope of increasing awareness and understanding of our transgender siblings.
